TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Derry qualified to vote in Town Affairs:

You are hereby instructed to meet at the Veterans' Memorial Building, in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon, Eastern War Time, to act upon the following subjects:

1. To elect a Selectman for three years, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Auditors and all other necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the suppression of moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of Town officials, for the Board of Health, for the expense of the Town halls, for the support of libraries, for State and County taxes, for the observance of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes, for co-operating with the State and Federal governments in control of insect pests and white pine blister and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To see if the Town will accept State aid for construction of Class 5 roads and raise and appropriate or set aside for said purpose, the sum of \$1,037.14, and pass any vote relating thereto.

4. To see if the Town will direct the Collector of Taxes to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount, and pass any vote relating thereto.

5. To see if the Town will vote to authorize its Selectmen to borrow money in anticipation of the taxes for the year 1943 on the negotiable notes of the Town, said loans to be repaid from 1943 taxes collected, and pass any vote relating thereto.

6. By request of the Town Defense Committee, to see if the Town will vote to raise and appropriate a sum of money for civilian defense purposes not exceeding \$1,000.00, and pass any vote relating thereto.

7. To see if the Town will vote to raise and appropriate a sum of money to defray the expenses of a local canning center and assistants for community gardens, and pass any vote relating thereto.

8. To see if the Town will vote to raise a sum of money not exceeding \$400.00 for the extermination of moths and control of blister rust.

9. To hear the reports of Agents, Auditors and Committees heretofore chosen, and pass any vote relating thereto.

10. To appoint any necessary committee on any article embraced in this warrant.

11. To transact any other business that may lawfully come before such meeting.

Given under our hands and seal of the Town of Derry this 22nd day of February A. D. 1943.

DERRY PUBLIC LIBRARY REPORT OF THE TRUSTEES

This report appears at a time when our habits are being profoundly modified by the war. It is to be expected that the library will eliminate many things important heretofore but which will not be of as much consequence in the future. Various new projects are already in operation. Waste of time and materials has been avoided and all plans arranged to count efficiently.

During the past year, our librarian has prepared several exhibits giving special thought to home-school exhibits. Miss Hall's displays have attracted much attention. Recently, she has been appointed chairman of the exhibit division of the editorial and publicity board of the New Hampshire Library Association.

While the citizens of our town have been given favorable opportunity to read for enjoyment, they have also been able to obtain inestimable material giving a clear, impartial view of the most reliable thought of the times.

To the Trustees of the Derry Public Library
The 38th annual report is herewith presented:

Circulation has been on a general decline through the state, our own library has proved no exception. The drop in circulation is no reflection on the library service. Transportation has been a serious problem for those outside of the down town district. Of course more of our people are now working in defense plants and have few hours for reading. Many of our young men readers are now in the Armed Forces.

Part of the great loss in our own library circulation is due to the trouble with our heating system. November 5th our furnace developed a cracked boiler and drum. For two months this meant a curtailing of our library service to the public. We were open afternoons up to the date December 19th, then the weather proved so severe we were obliged to close the building until repairs could be completed. New parts were re-

ceived and installed and library service was resumed January 2nd, during our "heatless days" nearly all our plants were frozen.

We hope the coming year will see an increase rather than a decrease in our circulation. Gas and tires may be rationed but our patrons will not be rationed on books to read. Arm-chair travel will be much indulged in for the duration of the war, with the library supplying the tickets. The slogan "If you can't ride—Read" will be a popular one for those who wish to take gasless trips. Adults are allowed to borrow as many books as they wish on a card. These may be kept for two weeks and then renewed for the same length of time if necessary. We are always willing to renew by telephone.

May 1st we started a new card system with our re-registration. This has proved very satisfactory. The borrower keeps his card and presents it when he wishes to borrow a book. All fines must be paid before a card may be renewed or a book borrowed, this has cleared up many petty fines.

Our library cannot go into direct service at the War Front, but it is able to do much on the Home Front.

The Red Cross Chapter was invited to establish its Headquarters in the library. Much Red Cross business is carried on here now. Three first-aid classes were held in the building during the spring months. The basement is used for storage for equipment and supplies. The Oak Street school uses the basement as a refuge shelter in case of air raid alarm.

In October we began giving the Report Center library service. The volunteer workers seem to appreciate this very much. A good book helps to wile away many a long hour there. We shall continue this service through the coming months.

The library has been placed on the mailing list of the Bureau of War Information and have received many

packages of worth while material dealing with war information at home and abroad.

A pamphlet file of up to the minute material is kept on the desk, all this may be borrowed for home reading. We have a very well equipped War Information Service, consisting of books, pamphlets, maps and posters.

A Victory Garden Center was established in the spring. Prospective gardeners were able to obtain information on types of produce suitable for this section. This material was changed with the advancing of the season. The climax was a Victory Garden exhibit by the Junior gardeners.

Mrs. Anne Edwards attended the session of the New Hampshire Library School at Durham.

Book-Week was postponed until January 4th, due to heating conditions. An author-illustrator exhibit was arranged in connection with the display of children's new books. Letters and pictures from authors were sent to the children which added to the interest of the exhibit. Miss Lois Lenski and the Petershams were very generous with their contributions.

Many interesting and instructive exhibits were arranged during the year. They seemed to be appreciated by the public. Others have been planned for the coming year.

The 1942 slogan "Forward with books" will be a good one to follow through the year. For it is through good timely reading that we will be able to take an active part in the Post War World.

Library instruction for the Junior High students will be given in the near future, the usual method will be used.

We wish to take this time to thank the newspapers for their co-operation in giving the library publicity in its activities of the year.

TAYLOR LIBRARY

East Derry, N. H.

Annual Report of the Trustees.

The work of the Library has been carried on very satisfactorily by Mrs. Annie B. Shepard, Librarian and Miss Mabel C. Berry, Asst. Librarian.

At this milestone of sixty-five years that the Taylor Library has been open, we are ever more grateful for the Shepard Building that was given to East Derry and appreciate the good reading it contains especially during these troublesome days.

The reports of the Librarian and Treasurer show the work accomplished in detail and are herewith submitted.

L. Winslow Emerson
Alan B. Shepard
Mabel C. Berry
Grace M. Bailey
Eleanor Grady.

TAYLOR LIBRARY

To the Trustees of Taylor Library, the following report for the year ending January 31st, 1943, is respectfully submitted.

The completion of sixty-five years of service, thirteen of them in the Shepard Building, finds the Library in excellent condition with an increasing circulation of books and magazines especially among the younger readers.

The Library has been open as usual on Tuesday and Saturday of each week from two to five o'clock in the afternoon and seven to nine in the evening, with the exception of Saturday, July 4th.

Miss Mabel C. Berry has served as assistant Librarian.

ORGANIZATION AND ADMINISTRATION

Personnel

The summer of 1942 reflected the man power situation as it affects the schools. The number of changes in personnel totaled more than the preceding five years combined. Resignations to accept higher paying positions either in other school systems or other fields of work accounted for the large majority of the changes.

Miss Margaret Tracy was replaced by Miss Rachel Kendrick, a graduate of Keene Teachers' College with successful teaching experience in Bow, N. H.

Miss Winnifred Soule who had successful experience in Chester and Peterborough succeeded Miss Florice

Robie as third grade teacher in the Oak St. School. Miss Soule is a graduate of Plymouth Teachers' College.

Miss Patricia Royal, a graduate of Bridgewater Teachers' College, was elected to fill the vacancy caused by the resignation of Miss Marjorie Frost to accept a position in Milford.

Mrs. Barbara Myers, a successful teacher of English at West Lebanon, was engaged in the Junior High School. She is a graduate of Keene Teachers' College.

Mrs. Dorothy Parker, a graduate of Keene Teachers' College, with experience as a teacher of adult classes and home demonstration agent in Home Economics, filled the position vacated by Miss Ruth DeVarney.

In order to continue to offer the work in Shop for boys, Rev. Howard Joslyn was engaged as part time instructor. Mr. Joseph McCormack accepted a position in Massachusetts.

Mr. Irvin Gordon, a graduate of Gorham Normal School with advanced work at the University of New Hampshire, was elected to the principalship of the Junior High School. He had served in a similar capacity for 10 years at Jackson and Conway.

Miss Eleanor Long, a graduate of the New England Conservatory of Music, succeeded Miss Myrtle Lewis as Music Supervisor.

Mr. George Zoulias was granted a leave of absence May 1, 1942 to enter the U S. Navy. His position was filled temporarily by Mrs. Maria Webber.

Mr. James Egan was granted a leave of absence Jan. 26, 1943, due to ill health.

The following teachers either attended summer school or took extension courses from Boston University or University of New Hampshire, Priscilla Low, Etta Merrill, Effie Plante, Martha Moore, Lillian Brown and Irvin Gordon.

Instruction

The usual standardized tests were used in the spring of 1942 and fall of 1943. These test results enable teachers to plan the work of the ensuing year to fit individual and class needs. The results also seem to indicate the value of the reading program. Pupils are gaining in ability in accord with their grade placement. The mastery of this vital tool subject is our main concern in the primary grades from the standpoint of scholastic attainment. Regularity of attendance in the primary grades is essential to the attainment of that mastery.

The schools are provided with good standard textual materials and we are continuing to augment the supplementary reading materials. By following a policy of purchasing steadily in all grades the problem of providing for the individual abilities and interests of all pupils is more nearly met. It is hoped that by continuing such a policy that eventually teachers may have sufficient tools so that every pupil may progress at optimum speed. The overlapping of abilities and interests in all grades makes it probable that increasing supplementary materials will help all pupils.

The eighth grade has been provided with a new social science text so that that need is now fully met.

The greatest need at the present is in two of the tool subjects. Spelling and arithmetic texts are the greatest need. It may be inexpedient at present to replace present texts in these fields. The state elementary program in arithmetic is in process of revision. Pending the adoption of the new program it would seem advisable to continue with our present texts.

The same special arrangements for physically handicapped children are being continued. Special transportation is provided in one case and classes in lip-reading are being continued. The use of the state

audiometer reveals the need of continuing these classes. The training obtained is a large factor in permitting these handicapped youngsters to lead a normal life.

Pageant and Declamation

On Friday evening, May 1, 1942, "I Hear America Calling" a patriotic pageant was presented by the children of the three schools under the direction of Miss Myrtle Lewis, assisted by the teachers.

The second annual Declamation Contest by the Derry Junior High School was held Friday evening, May 15, 1942. Those taking part were David Hubbard, Donald Small, Gladys Eaton, Ruby Woodward, Dorothy Blake, Grant Benson, Marilyn Gordon, Pauline Nelson, Ralph Floyd, Louise Smith, Maurice Aiken, Dorothy Young, Monica Orzechowski and Robert Record. Prizes were awarded to Donald Small, Louise Smith, Maurice Aiken and Dorothy Young. Musical selections were furnished by the school orchestra and Glee Club.

Physical Education

Increased stress in this field along lines of physical fitness are being demanded of the schools. Mr. Gordon attended a conference arranged by the state department in this field. An increased emphasis on this phase of our educational facilities will be apparent throughout the country as a result of physical weakness revealed by the selective service examinations.

The emphasis this present year has been upon increased participation by large numbers of pupils. This has not been entirely a matter of choice although it has recognized value. The restrictions on travel and the decreased number of men instructors available in schools has curtailed the opportunities for inter school competition at the junior high school level drastically. The boys have been supervised by Mr. Gordon and Mrs. Parker has been in charge of the girls program.

An expanded program with adequate personnel which aims at building healthier boys and girls and is a development which may be one to consider for the future. The personnel problem possibly prohibits such a development in the immediate future but it is a problem which will present itself sooner or later.

Repairs

In accord with the vote of the district both Oak St. and West Side Schools were painted last summer. The appearance of both buildings was improved and the properties will both be better protected.

The usual repairs at all schools were completed by the janitors. The work that this group of men do in the summer is of tremendous importance in maintaining the buildings in fine condition.

Floyd School:

- Refinishing one entire room

 - Patching plaster

 - Refinishing floors

 - Installation of sink

 - Painting

 - Covering lunch tables.

- Painting dado in halls and rooms

- Pointing window cap stones.

- Painting of basement and toilet floors.

- Refinishing floors and desks.

West Side:

- Wiring cupola to eliminate dove nuisance.

- Painting dado throughout the walls of two rooms.

- Refinishing floors.

- Repairing and reframing sink.

- Recovering backstop with wire.

- Providing for access to attic.

- Painting basement floors.

Oak Street:

Replacing sills on lower floor.

Refinishing desks.

Patching roof and repairing cupola.

Cutting additional exit in Room 4.

No major repairs are contemplated at present out of the regular maintainance budget. It may be that a survey of the heating system at West Side will reveal some repair. It will continue to be the policy of your superintendent to maintain the plants in good condition.

The Budget

A study of the budget for 1943-44 shows that the budget stands at approximately the same figure. There are several items which show nominal increases. All of these items are concerned with supplies or personnel **services** and follow the general economic trend. The elimination of requests for any special appropriations counter balances any increases that are noted.

The increase of \$800.00 in tax levy is due to a decrease in estimated income. Two factors are responsible for decreased income—a decrease in cash on hand and returns from elementary tuition.

The trend will continue as regards income at least another year. The item of tuition is dependent upon attendance of pupils from other districts in the junior high school. Present indications are that such enrollments will be decreased by 5 which will mean a reduction of nearly \$300.00.

The same situation as regards high school tuition exists as existed last year. The number of junior high school graduates is considerably larger than the number of Academy graduates so that there may be a deficit due to the fact that potentially there are 229 students who might attend the Academy. Since the budget allows for only 211 it is possible that a deficit might

occur. The trend of the times with withdrawals before graduation for employment or enlistments makes it seem probably that the proposed amount is adequate.

Conclusion

The greatest service the schools can render to the nation, state and community in a time of war is to maintain essential educational services unimpaired.

The fundamental skills are important, the art and practice of democratic living, the acquiring of social adaptability, the development of vocational and avocational skills, and the maintainance of physical and mental well being are some of the privileges extended to American children which we should continue to offer despite war condition. In addition we owe it to these children to develop in them the recognition of the concomitant responsibilities and obligations of these privileges.

The schools must assume the responsibility of providing these privileges as well as the responsibility of teaching the obligations incumbent upon all citizens of the democratic state. Only in so far as the educational facilities are unimpaired can the schools meet these responsibilities fully.

Your schools are functioning well. That they are doing so is a tribute to parents, pupils and teachers who are working cooperatively to obtain maximum results. They have the active support of the school board in their work. These groups have all by their helpfulness, devotion to the development of a program which aids each and every child and loyalty to the cause of education have made my association with the schools of Derry a pleasurable and profitable one to me and to the children.

ORGANIZATION AND ADMINISTRATION

A continuation of the wise policy of maintaining the plant in good condition and attempting to provide convenient aids to the teaching process led to the following repairs and improvements. In accord with last year's report the porch was rebuilt last spring. The storm vestibule was cut down to facilitate handling in the fall and spring and also to provide more light in corridor. Additional bulletin boards were provided in both class rooms and additional storage also was made by building an additional closet.

Due to a decreased enrollment and the recency of new book acquisitions no new sets of books have been added this year. Supplementary texts have been provided in both rooms.

The work of the school has proceeded as usual. Derry Village is indeed fortunate in the personnel of its school. Both the teachers Mrs. Potter and Mrs. Follansbee and the janitor, Mr. Glidden are loyal conscientious and efficient in the performance of their several duties.

The budget again shows a decrease despite increased cost of many items. It is probably at approximately its minimum for the population will seemingly show an increase within a few years. Increased population however makes itself felt most when pupils reach junior and senior high age

Some adjustments have had to be made due to war conditions. These adjustments have interfered as little as possible with the essential services of the schools. Parents, pupils and teachers have cooperated so well that these adjustments have disturbed the functioning of the school little if at all. It seems probable that further adjustments may develop as time goes on but recognition of these adjustments as a war time necessity and the continued cooperation of all will result in little disturbance of the normal and essential services of the school.

It is axiomatic that we should maintain our public educational facilities at the customary level during periods of war. Upon the education of the children of today depends the proper functioning of the government of tomorrow. It is incumbent upon us to see to it that the educational opportunities in a democratic state are held to the same level or improved so that the children are not made to contribute any undue portion in the war sacrifices. Only by providing the educational opportunities so vital to democratic living can we maintain this level of education.

This year has been a busy but pleasurable one. The work of the school has gone forward through the fine

cooperation of parents, pupils, school board and teachers. I sincerely appreciate the fine attitude of all in connection with the Derry Village School.
